

TRANSFORMING PROCUREMENT INTO A STRATEGIC DRIVER OF TOP AND BOTTOM LINE GROWTH

“ Ivalua’s platform provided us with transparency and the ability to better collaborate with our suppliers. This helped us engage our suppliers to develop a new offering to retain and actually grow revenue from an at-risk customer, who has now entrusted us to manage over 35,000 of their employees outpatient medical needs.”

? CHALLENGE

- ✓ **Inflated Costs** due to:
 - Inability to exercise joint-procurement of common products for different countries and divisions
 - Lack of visibility across suppliers and catalogs
- ✓ **Ad-Hoc Purchases** of products and services which resulted in a lack of proper / consistent warranties, as well as further inflated unit costs.
- ✓ **Poor Control and Visibility** into Spend due to a lack of defined policies and processes.
- ✓ **Ineffective Supplier Engagement** - No scalable way to monitor, engage and collaborate with suppliers.

+ BENEFITS

- 16%** in overall cost savings after 6 months and continue to see more savings.
- \$** Increased revenue through new outpatient offering developed with suppliers
 - Retained and expanded share of wallet with major at-risk customer
 - New package now being cross-sold to other customers
- 2x** ROI in first 6 months of implementation.
- Improved collaboration among procurement team-stakeholders and suppliers
- Mitigated risk through a more geographically diversified supply base.
- Improved transparency and control over purchases.
